*“I cannot teach anybody anything, I can only make them think”*

**SOCRATES**

# Grade Predictor - 1

- **What is it?**

- Online tool used to find out predicted subject grades at Level 3
- Used to predict likely grades based on students GCSE average point score
- Predictions are based on the typical achievement for students with the similar GCSE points score
- Predictions can be at the 50<sup>th</sup>, 60<sup>th</sup> 70<sup>th</sup> and 80<sup>th</sup> percentile

# Grade Predictor - 2

- Predictions are based on complete national data and not just for those that have bought in.
- Predictions show the typical grade achieved by all students nationally with similar GCSE average studying the same subject, for courses ending in 2010.

# Grade Predictor - 3

- **What's it for?**

- Provides students with a realistic picture of their likely grades in subjects/courses taken at Level 3.
- Provides parents with realistic expectations of their children's likely grades for subjects/courses taken at Level 3.
- Provides teachers/tutors with valid and useful indications on the outcomes of students studying a range of subject/courses.

# Grade Predictor - 4

- **What's it for?**
  - Teachers can get predictions for their entire class.
  - Tutors can get predictions for their entire group.
  - The software can be used during enrolment.
  - The software can be used by Year 11 students to help them with their post 16 choices.

# Grade Predictor - 5

- **Who can use it?**
  - Students
  - Parents
  - Teachers
  - Subject/Department Leads
  - Senior Leadership Team

# Tracking & Monitoring - 1

- **What is it?**

- Online software that allows the user to track the progress of a:

- Student
    - Class
    - Tutor Group
    - Department
    - Course

# Tracking & Monitoring - 2

- **What does it do?**
  - Provides teachers, tutors and management with information to track the academic progress of their Level 3 learners;
  - Provides teachers, tutors and management with analysis on the performance and progress of their Level 3 learners, courses and subjects
  - Provides students and parents with information on academic progress on subjects/courses

# Tracking & Monitoring - 3

- **What are some of the features?**
  - Teachers are able to input internal marks and results for their classes
  - Tutors are able to see the progress of their group and also the teaching groups of their students
  - Heads of Departments can see the progress of students of their courses and each subject/teaching group.

# Tracking & Monitoring - 4

- Senior Management are able to analyse all Level 3 courses/subjects
- Software can be easily updated and managed by designated staff
- Courses, classes and students can be added or removed from the software
- AS courses can easily be rolled over into the second year
